Medium Duty

Medium Duty Cutting Attachments

Popular medium duty cutting attachment easily cuts up to 6" (153mm) steel. Solid construction to last a lifetime - silver brazed joints, stainless steel tubes, brass forged butt and head. Has the same quality features and construction as the larger and heavier Dual Guard™ attachment.

Use with any industrial medium pressure fuel gases - acetylene, propane, butane, natural gas, propylene, HPG®, MAPP®, hydrogen and many others. MC505 & MC509 Covered by LIFETIME Warranty & Service Agreements.

USED WITH: *Torch Handles* - MW5, MW5A & WH100.

100% TESTED & MADE IN THE USA
